

CAPITAL PLACE NEWSLETTER

April 2021 Edition

WELCOMING CISCO TO CAPITAL PLACE

Cisco Systems, Inc. is an American multinational technology conglomerate headquartered in San Jose, California.

Cisco develops, manufactures, and sells networking hardware, software, telecommunications equipment, and other high-technology services and products.

Let's give a warm welcome to Cisco in April 2021, as they make Level 46 at Capital Place their new home.

Visit their website for further information at www.cisco.com

EARTH HOUR 2021

During Earth Hour, which was held at 8:30 PM on Saturday, 27 March 2021, all base building lighting was turned off.

Thank you to the Capital Place tenants who also participated in Earth Hour. We really appreciate your enthusiastic support for this program.

Earth Hour is an annual environment campaign that brings attention to the effects of climate change by asking people to switch off lights and other electrical devices for an hour at 8:30 PM, local time.

For more information about Earth Hour, please visit
www.earthhour.org

HAPPY EASTER 2021

May our life be filled with joy and happiness and may each new day bring us moments to cherish.

Capital Place Management wishes you a Happy Easter.

WORLD HEALTH DAY 2021

On World Health Day, 7 April 2021, WHO will be holding a new campaign to build a fairer, healthier world.

As COVID-19 has highlighted, some people are able to live healthier lives and have better access to health services than others - entirely due to the conditions in which they are born, grow, live, work and age.

WHO is calling on leaders to ensure that everyone has living and working conditions that are conducive to good health. At the same time, they urge leaders to monitor health inequities and to ensure that all people are able to access quality health services when and where they need them.

WHO is committed to ensuring that everyone, everywhere, can realize the right to good health.

WHAT'S IN STYLE, CONCIERGE?

Curated by Capital Place Concierge

SUSTAINING EARTH, SUPPORTING LOCAL BRANDS AND KEEPING YOURSELF IN STYLE

Our globe is undergoing major climate changes that we absolutely can no longer ignore, and the fashion industry is one of the world's largest contributors to waste, according to the UN Environment. This is why more and more fashion brands are starting to advocate a more ethical production, known as slow-fashion (instead of fast-paced and big bulk production), offering comfortable, chic, and sustainable products, while encouraging consumers to be more eco-conscious about their purchases.

Our country is also getting on board the eco-friendly bandwagon. With these sustainable Indonesian fashion brands, we get to save the earth, while being fashionable at the same time.

CINTA BUMI

Cinta Bumi, which means 'love earth', employs local artisans who carefully assemble their materials, using efficient cutting techniques and patterns to avoid excessive waste. Founded in 2015, Cinta Bumi produces a variety of ethical handmade goods such as bags, homewares, bath and beauty products, as well as craft supplies, and toys.

IMAJI STUDIO

Imaji Studio works alongside local Indonesian artisans who incorporate both traditional and natural elements to create their beautiful products. Imaji Studio offers casual clothes and fashion accessories for both men and women made from sustainable materials including natural dyes and hand-woven fabrics from plants native to Indonesia.

SERATUS KAPAS

Seratus Kapas, which means 100 Cotton, offer simple clothing for urban women, made from raw cotton or linen, which comes either pre-washed or dyed. The brand also uses only natural dyes, which are safer for the environment and their workers. The label pays attention to the individual characters of each delicate fabric to make sure it is fully used in the right manner and does not get ruined during their sustainable manufacturing process.

KANA GOODS

This Indonesian fashion brand produces men's and women's clothing made out of natural materials, especially indigo dyes and contemporary handwritten batik. The brand's mission is to raise awareness regarding environmental issues while showcasing the value of Indonesian natural dye. Aside from the use of natural materials, Kana Goods aims to avoid excess production and textile waste by making all its products one-size-fits-all.
