# PPKM RESTRICTIONS

The Jakarta Governor has recently announced new PPKM restrictions for the Jakarta area following a significant increase in COVID-19 cases.

The new PPKM restrictions will apply from 22 June to 5 July 2021 and mandate that companies should have no more than 25% of their employees working from the office at any one time.

Please ensure you comply with the new PPKM restrictions and please continue to record, at your office entrance, the number of staff in the office each day.

Stay safe.

# DO YOU MISS LIFE BEFORE THE PANDEMIC?

When it's our turn, let's take the COVID19 vaccine.

All approved COVID-19 vaccines have been thoroughly tested, and all provide a high degree of protection against getting serious illness and dying from the disease.

It is important to be vaccinated, as soon as the opportunity arises. This way, we build immunity in our communities faster and can get back to our normal lives.

Keep yourself safe, then your family and the rest of the society will be safe.

Stop by Dolcetto on the way to the office or before your next meeting for a gourmet coffee, a sandwich or a pastry to fuel you while you're on the go.

## *Pierre*

an intimate French Bistro by The Union Group

Taking over the space that was once Emilie French Restaurant, Pierre seeks to emulate the pleasure one gets from being in an antique French bistro whose architecture offers a welcoming warmth by keeping the space intimate.

Pierre is the kind of restaurant that you would adore as a dinner date option to emulate the little charms of French-style dining. It's no wonder that the establishment has won the hearts of the city's epicureans since its relatively new beginning. Grab a table pour deux and let Pierre take care of the rest.
