BCA GREEN MARK: GOLD PLUS

Update from Andrew Hodgson - General Manager

Capital Place Management is pleased and proud to announce that on 30 June 2022, Capital Place received Green Mark Gold Plus accreditation from the Building and Construction Authority (BCA) of Singapore.

The BCA Green Mark Scheme was launched by BCA in January 2005 to promote environmental awareness in the construction and real estate sectors. It is a benchmarking scheme which aims to achieve a sustainable built environment by incorporating best practices in environmental design and construction, and the adoption of green building technologies.

The BCA Green Mark Scheme rates buildings according to five key criteria. They are,

- Energy Efficiency;
- Water Efficiency;
- Environmental Protection;
- Indoor Environmental Quality;
- Other Green and Innovative Features that contribute to better building performance.

Capital Place is one of four office buildings in Jakarta to have achieved this level of BCA Green Mark accreditation.

JAKARTA NEW PLACES TO EAT

Curated by The Concierge

Zapoli by Pizza Place

Jl. Kemang Timur No. 39D, South Jakarta

Tue-Sun: 5pm - 10pm

Recently joining the East Kemang neighbourhood is Zapoli, a pizza studio by Pizza Place that invites diners to explore the different aspects of the much-beloved comfort food.

Zapoli wants to maintain the accessibility and affordability of its predecessor, which is reflected in both its easygoing attitude and prices.

Neapolitan pizzas that take inspirations from the acclaimed Tokyo wave are the current highlights within Zapoli's compact, ever-changing menu. From the white sauce classic Forza Fungi to the delightfully cheesy Calzone, they each go through a delicate baking process using the studio's wood-fired oven. As for drinks, Zapoli currently serves only two flavour variations of local soda Linggardjati 1948 alongside the complimentary water, so the team encourages diners to bring their own drinks to the venue—whatever that may be.

Atsiri di Sarinah

Gedung Sarinah Level 5, Central Jakarta
Everyday: 12pm - 9pm

Atsiri di Sarinah, an extension of the Rumah Atsiri in Solo, brings over the brand's celebrated Edu-recreational concept and design surrounding wellness and essential oils to the city via a multi-sensorial experience, from interactive museum space to aromatic dining experience. Centred on providing an aromatic dining experience, everything from the 'wellness ratio' menu to the tables and presentations is

thoughtfully designed to amplify this further. With a multi-function feature, each table is filled with dried herbs and spices as well as detachable trays for meals. Atsiri di Sarinah adds an extra layer to the experience by serving dishes alongside spray bottles of edible oils, such as rosemary or peppermint, to heighten both the taste and smell.

All of this ties back to Atsiri's initiative to facilitate a space where visitors can engage in a well-rounded view of wellness and health. Where a dining and museum experience can be enjoyed minus the steep bill, Atsiri di Sarinah feels like a treat for Jakartans to get a piece of Rumah Atsiri propped right in the city centre.
