CAFES AND RESTAURANT WITH GREEN AMBIENCE

Oftentimes we get bored with the city life and its frenzied circumstances. And sometimes we cannot take our time to get away from it. But then again, you don't need to worry about that. Because here in Jakarta, you can always find a place to ease up and escape the city life even just for a moment. And these are some good restaurants that will serve you not only with good foods and beverages, but they will also serve you with beautiful garden themed scenery.

HUTAN KOTA BY PLATARAN

With its central location and lush surroundings, the one and only Hutankota by Plataran could be considered as Jakarta Best Heritage Spot. This unique, elegant indoor and outdoor venue, located right in the heart of Jakarta, is framed by a panorama of dynamic skyscrapers and lights up like a fallen star garden – a place where visitors can enjoy Jakarta against a spectacular urban backdrop. In addition, this verdant oasis offers a breath of fresh air in the heart of the city.

SIX OUNCES COFFEE, WIJAYA

Set like an enclosed garden, its second joint encompasses a lush, sunlit veranda where one can find antiques bedecking the space. In the thick of this green sanctuary, traditional furnishings like Javanese wood carved panels and clay vases are entwined with sleek design that'll tempt one to stay for hours. Needless to say that the setting is pleasing to the eyes, but one wouldn't reach Six Ounces if it's not for the delish fuel and caffeine combo. Generous on fusion fares, its menu comes aplenty.

THE FOREST BY WYL'S

Set on the ground floor of The Veranda—the same entity with Veranda Hotels and Wyl's Kitchen—the restaurant's charms can be summarised in three words: sunset, pool and jungle-like greeneries. In short, a jackpot site where these elements naturally merge at the delight of selfie-taking customers. When it comes to the food and drinks, fans of Wyl's Kitchen can savour the same trust in The Forest. But here's the catch: the menu is ever-changing and only comes in sets, so expect different varieties of appetisers, main course and desserts, upon visit.

ARBOREA CAFÉ

Every once in a while, everyone appreciates a serene retreat to nature and spending a relaxing day among lush greenery. And if you think such a natural sanctuary is impossible to find in a metropolitan city like Jakarta, Arborea Café will prove you wrong! Opened during the 2018 Asian Games, this café initially served as a resting spot for athletes to unwind after a day of hard training and competitions. But after the event was over, it eventually became the favourite chillax haven for city dwellers. Arborea Café is the perfect place for you to seek refuge from the hustle and bustle of Jakarta.

TWIN HOUSE

Bored of dining indoors? Switch it up with the open air and green landscape at Twin House Coffee & Garden. Perfect for casual meals, Twin House is your picnic-style cafe right in the midst of Jakarta's lovely scenery. Right in front of the cafe sits a garden is dotted with colourful picnic rugs complete with low wooden tables. Not in the mood for a picnic? Just head indoors and be greeted with its rustic and vintage interior, decked in white walls and large windows, where sunlight streams into every cheerful corner.
