3 STORE CUSTOMER SERVICE BOOTH + DIGIBOX

Hutchison 3 is one of the leading mobile communication service providers in Indonesia. In July 2021, they have started commenced occupying Level 31-33, at Capital Place.

Recently, they have also installed 3Store located in front of Komunal Space. Open on Monday to Friday, from 10 AM until 5 PM, their customer service will gladly provide you with Sim Card purchase, top up your balance, and data package/quota.

Hutchison 3 has also installed a Digibox next to the DBS ATM.

PPKM LEVEL 4 EXTENSION

President Joko Widodo (Jokowi) has declared an extension to PPKM Level 4 (Jawa-Bali), which will be implemented until August 9, 2021.

This decision was taken after considering health aspects, as well as the Delta variant. However, there are some adjustments related to community activities and mobility. Street vendors, grocery stores, voucher agents or outlets, barbershops, laundry, hawkers, small workshops, vehicle washes, and similar small businesses are allowed to open with strict health protocols until 21.00. Meanwhile, food stalls and hawker stalls are allowed to be open until 20:00 and visitors can eat for a maximum of 20 minutes.

During the enforcement of PPKM Darurat and PPKM Level 4, those working for essential sectors are allowed to commute to and from Jakarta as long as they had worker registration certificates or "STRPs".

Please ensure you continue to comply with the PPKM Level 4 restrictions as they apply to the number of staff permitted to work from your office
