CAPITAL PLACE NEWSLETTER

The Official Newsletter of Capital Place Jakarta

WELCOME TO CAPITAL PLACE

The Nokia logo is displayed in a large, bold, blue, sans-serif font. The letters are thick and closely spaced, with a clean, modern aesthetic. The logo is centered within a white rectangular area that has a subtle drop shadow, making it stand out against the light background.

Nokia has been adapting to the needs of an ever-changing world for over 155 years.

From its humble beginning in 1865 as a single paper mill operation, Nokia has found and nurtured success over the years in a range of industrial sectors including cable, paper products, rubber boots, tires, televisions and mobile phones.

Nokia's transition to a primary focus on telecommunications began in the 1990s. The first GSM call was made in 1991 using Nokia equipment. Rapid success in the mobile phone sector allowed Nokia to become by 1998, the best-selling mobile phone brand in the world.

Let's give a warm welcome to Nokia as they join us on
Levels 29 and 30, Capital Place starting late July 2022

HSE BULLETIN JULY 2022

Electrical Safety in the Workplace

The main hazard from electricity in the office environment is electric shock, which can lead to electrical burns, shock, asphyxia or even death. Electricity is also a major cause of fire. Electrical wiring can also present a trip hazard. Electrical accidents in the work place can be avoided by using safe electrical equipment and observing work practices. To ensure safe working with electricity in the office all persons should adhere to the following precautions:

- **Turn off electrical device when not in use and overnight unless this is not possible for safety or operational reasons.**
- **Avoid using overload electrical socket.**
- **All faults concerning electrical equipment and wiring must be reported for proper maintenance.**
- **Where electrical wiring must run across floors it should be protected by saddles, or other safety features. Extension cables, when used, must be routed so as not to cause tripping hazards.**
- **Only CO2 or Dry powder Fire Extinguisher can be used to fight electrical fire.**
- **Always follow safety regulation regarding electrical usage.**

Mixology Masters at Nautilus Bar

June 3, 2022 - July 29, 2022 at Nautilus Bar, Four Seasons Hotel Jakarta

This summer, Nautilus Bar at Four Seasons Hotel Jakarta is set to host a series of cocktail takeovers by five of Jakarta's most talented mixologists.

July 1: Warra

Celebrate the first Friday night of a new month with Mochamad Warra, who is set to display his superb mixology skills. Warra has a wide range of bartending experience across Bandung, Surabaya, Bali and Jakarta. Each of his cocktails for the night star a special, homemade, small-batch ingredient. The Ramoz Margarita Fizz is a take on the classic New Orleans fizz and uses Espolon Blanco tequila with *sous-vide* pandan, while the Agave & Coconut uses clarified milkmade with agave syrup and hydro coco.

July 15: Darren

On this very special night, welcome back Nautilus alum and winner of the IBA Asia Cocktail Competition Darren De Fretes. An exciting and flavourful evening awaits cocktail connoisseurs. Darren will be showcasing Archipelago Paradise, a creation that celebrates the richness of Indonesian spices, using ingredients such as kecombrang, andaliman and jeruk bali peel. Those who love coffee must try his Yuzantara Tonic, a coffee-inspired fizzy cocktail packed with the goodness of nusantara cold brew.

July 29: Agung

The grand finale of this tremendous takeover series features Agung Satria Wibawa. The former Angostura Global Cocktail Competition Asia Winner is set to present two of his masterful creations. The Strawberry Milk is a playful nod to his favourite drink from childhood, with strawberry infused scotch, oolong tea and almond milk. The Native Apertive is Agung's personal trilogy-built cocktail using serundeng sous-vide scotch and pandan sous-vide Campari, along with red vermouth.
