## HAPPY VALENTINE'S DAY

BY CAPITAL PLACE MANAGEMENT

On 14th February, Capital Place celebrated Valentine's Day with the Concierge handling out chocolates in the lobby as staff arrived at work.

In addition, Capital Place also held an Instagram event to celebrate Valentine's Day.

Congratulations to the twenty participants who posted on Capital Place Instagram and won a tumbler. Winners were informed and sent their gift on the day.

We hope everyone had a Happy Valentine's Day with their loved one.

Kindness in words creates confidence.  
Kindness in thinking creates profundity.  
Kindness in giving creates love.  
- Lao Tzu

- Schedule is based on estimated time only
- This service will only pick up and drop off at the nominated locations
- Please be at pick up point ahead of scheduled time. There will be no waiting
- This service only available to employees of companies residing at Capital Place

"I look forward to assisting you with your transportation needs"

Mr. Danang  
Shuttle driver

Our shuttle cars service passengers between Capital Place and SCBD, every week day. A car is scheduled to arrive every 15-20 mins, subject to prevailing traffic conditions. The shuttle cars are an ideal service for users of the MRT, as an extension transport from and to Capital Place Office. If you want to travel to the SCBD area at lunchtime, again the shuttle service can assist your transportation needs. Our shuttle cars can be identified with smiley face icon displayed on the windscreen of the vehicles. For further information, please contact our Concierge at lobby reception.

# SPRING EQUINOX

by Capital Place Management

This year in the northern hemisphere the Spring or Vernal Equinox falls on the 20th of March. The equinox marks the day when day and night are the same lengths all over the world, with the word equinox meaning equal night, in Latin.

The equinox does not always fall on the same day each year due to the fact that the earth orbits the sun on a slightly elliptical path, meaning that the spring equinox can happen on either the 19th, 20th, or 21st of March.

## SPRINGTIME

Spring symbolizes joy, love, hope, fertility, growth, and rebirth renewal which are often associated with abundant happiness.

"The day the Lord created hope was probably the same day he created spring."

by *Bern Williams*

NEW

# FASHION TREND

Struggling to get even a tiny bit excited about leaving your home office for your cubicle?

Fashion is all about fun expression, and your office attire can (and should) reflect that.

After all, workwear is an integral part of putting out a good image, and being fashionable will only benefit everyone even more.

## SOME RECOMMENDATIONS FOR THIS SPRING'S OUTFIT

Workwear used to be something that people dreaded because it wasn't always appropriate for all body types and tastes.

There's a reason why linen is associated with summer dressing: the fabric is comfortable, breathable, and helps to keep your body from overheating.

## WEAR THINGS THAT BRING YOU JOY

# EMERGENCY EXIT CORRIDOR

## FUNCTION

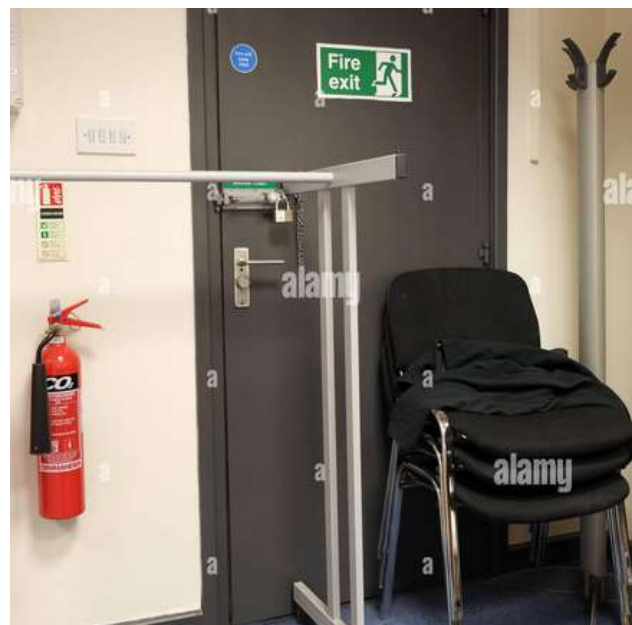

Emergency corridors and emergency exit stairs were designed to ensure people who live or work in high-rise buildings can exit safely in emergencies situation.

Emergency exit staircases should be free from obstruction at all times to facilitate the quick and safe evacuation of people during a fire emergency. The doorway leading to the staircases must not be obstructed from inside or outside either. Any obstructions in the stairways or at the exit doors leading to the staircases on any floor can hinder evacuation efforts. This puts the lives of occupants at risk in the event of a fire hazard.

## RISK

What is the risk of blocking emergency exits?

Blocking and obstructing exit doors and routes will create delay, panic, and confusion in the case of an emergency and acts as a safety hazard. Our regulations require that exit routes are unobstructed by materials, equipment, locked doors, or dead-end corridors.

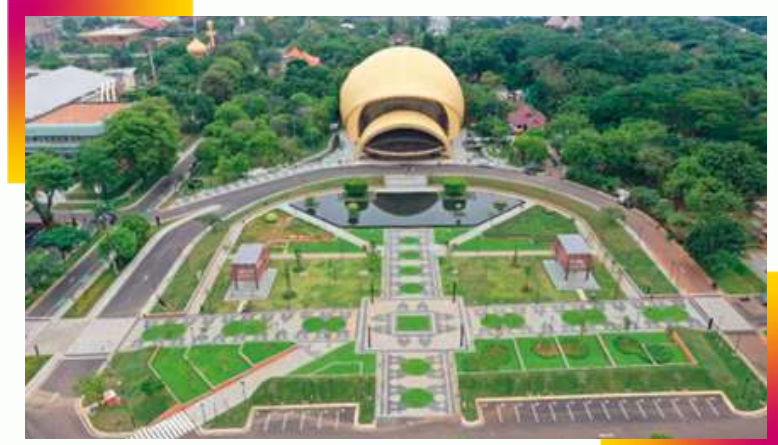

# TAMAN MINI INDONESIA INDAH

## What is Happening in Jakarta

BY MICHAEL CHARLES · CONCIERGE

*The revitalization of Taman Mini Indonesia Indah which began in January 2022 has been completed, restoring its identity as a main tourism attraction for Jakarta. Its new developments presents a more fresh, comfortable and environmentally-friendly space for visitors to explore and experience.*

*TMII, which is now managed by the State owned park operator, PT Taman Wisata Candi (TWC) Borobudur, Prambanan and Ratu Boko, has transformed into an area that represents the future of Indonesia. There are four tourism pillars developed by PT TWC for the management of TMII, namely **Inclusive**, **Green**, **Smart**, and **Culture**.*

*The actualisation of the **Inclusive** pillar presents public spaces that can be used by the community. And in line with the **Green** pillar, TMII implements eco-friendly family tourist destination management and will contribute to reducing emissions while supplying oxygen in the region.*

*Representing a **Smart** destination, TMII has implemented a digital platform that presents transparent governance.*

*As for the **Culture** pillar, TMII maximises the presence of its beautiful traditional pavilions (anjungan) that have a positive impact by representing the diversity of Indonesian culture through its vision as The Ultimate Showcase of Indonesian Beauty.*

*TMII orchestrates cultural arts attractions in the region through regional pavilions and cultural arts communities in the region.*
